It certainly has been a very busy time here at Southport State High School. One major announcement is that we became the first Government school in Australia to have an i-Tunes U public site. This is an amazing achievement and will certainly revolutionise access to our programs for our students and their families. As of next year, all courses in Junior Secondary will be made available to students and parents on iTunes U. This will mean both students and parents can have the whole course at home at their fingertips. Worksheets, assessment and homework will all be readily available for you to see and use. So as parents you will have a window into what the students are being taught and even better, how you can assist your child. We are very excited by this and know this is another huge step in the improvement of education being delivered from our great school; a very exciting time for us all. There will be more information to come your way in the near future.

We have had many students representing our school and achieving some outstanding results. As always our Performing Arts Academy have been leading the way with outstanding results at both Drama Fest and Eisteddfods. Our sporting stars have also dominated track and field at the Broadwater Carnival and on the Touch football field. Many of our students have also received awards for their results from various national academic tests including; Science, History, Mathematics and English. It certainly is going to be a very big awards program in Term 4 with the recognition of outstanding achievement from both students and staff.

Our current Year 10 students have been through a very rigorous program of choosing their senior program for the next two years. It is a wonderful service that we provide to ensure that all parents have the vital information in ensuring their child’s success in the senior years. A big thank you to our expert team for all their hard work!

Our Homework Centre is certainly proving to be very popular however; we do ask all parents that students must be there to learn. It is imperative that students come to the Homework Centre with assessment or work to do. We do not offer extra classes at this time. Teachers and tutors are there to help students with their homework or assessment and we encourage all students to attend.

Our Year 12 students will be sitting the Queensland Core Skills Test next week. So much hard work has been done to ensure that they are the best prepared students in Queensland. We certainly wish them all the very best for this most important test and know they will do well.

It is also pleasing to announce that Mr Clive Palmer will be our guest at our Academic Awards ceremony next term. Mr Palmer is a former student of Southport State High School who as we all know has become very successful in many fields. It will be a privilege to have him return to our school and address our school community.

In closing I would again like to continue to draw your attention to the outstanding work of our staff in ensuring that all students have the best education on the Gold Coast. Behind every achievement of our students lies a very committed and supportive teacher. I am very proud that our outstanding results in all fields are starting to reflect the dedication and commitment of our staff. Together we are ensuring that our children have the best chances both now and in preparing for life after school.

Mr Steve McLuckie
Principal

Junior Secondary News

Guest performer via our School Chaplain:

Young Chozen, a Los Angeles rapper, came to Southport State High School to perform and inspire students. He had everyone laughing very quickly and we were inspired as he told his story about growing up in hardship and ganglands in America, and that ‘situations will not determine my destiny’. He told us that as a young child things were not great and he made the choice to not continue that path. Instead he made the choice to make things better and he is living his dream right now. Hopefully he inspired everyone for the future! Thanks to our Chaplain, Paul McGuire for organising this great speaker.

Year 7 Junior Secondary Leaders’ Touch competition:

An enormous thank you to the Junior Leaders involved in organising the first annual “Junior Secondary Leaders’ Touch Comp” ably run and supported by Mr Lee Rossow.

Students worked hard in the organisation of this event which saw all of our houses represented in the mixed games. I had the privilege of watching the semi-final and was thrilled at the sportsmanship displayed by this group. The final was quite the battle with the winning house being Bribie. Congratulations to everyone who participated in this event and we look forward to the Year 8 and 9 Touch battle coming soon. Mr McLuckie has issued the challenge of a Junior Secondary All Stars Team versus the Teachers so we look forward to that soon.

From our Junior Leader

The Youth Health and Wellbeing Expo was a great day for all of the students at Southport High. It was wonderful to see so many parents and community members attend too. The Health Expo was an opportunity for all students to learn about different pathways and careers, as well as find out about youth helplines and different organisations dedicated to helping adolescents.

There were a multitude of different groups and booths in the Sports Hall where students could walk around and find out information from each stall. There were some different presentations throughout the day, including a fire safety presentation and a science demonstration from Griffith University. The science demonstration had students experimenting with liquid nitrogen and fire; something that wouldn’t occur in our regular Science lessons.

The day also featured musicians “Double Lined Minority” (previous Southport High graduates), who came to perform for the student body at lunchtime. This was definitely a highlight for most students! Congratulations to the band who have now embarked on their first tour of Singapore. It was a fantastic day and thank you to all the people involved.

Jasmine Reilly
Junior Leader

Senior Schooling News

Congratulations - $2000 winner

Congratulations to Taylor Doust who graduated from Southport State High School in 2012. Taylor has been awarded an Australian Vocational Student Prize of $2000. Taylor completed her school based traineeship in Business Administration with Bartercard at Southport and is now working in the childcare industry. Taylor called in today to show off her certificate, letter and cheque for $2000.

Core Skills

The time has finally arrived for the Queensland Core Skills Test.

Year 12 students will sit the test in the Hall on Tuesday and Wednesday (3-4 September). The Year 11 Hospitality students will be providing them with a nutritious breakfast and lunch on both days. I would like to sincerely thank these students as well as Ms Cameron, Ms Schubert and Ms Johnston. We know our students have been well prepared for this test and we wish them every success. Year 11 students who are OP eligible will complete two days QCS practice on Thursday and Friday (5-6 September) in the Hall.
This will give them test readiness skills and valuable feedback in order to improve for the “real thing” next year. The test will be professionally marked and students will receive individual feedback. The cost of the marking is included in their school fees.

**School Based Traineeships**

Many students are taking advantage of combining school and work by signing up as a school based trainee or apprenticeship. Mrs Hall, our Industry Liaison Office, is available in F8 to manage all matters relating to traineeships and apprenticeships.

Year 11 students who wish to complete a school based traineeship need to arrange this now in order to have sufficient time to meet all the requirements. Students in Year 12 will not be eligible to undertake traineeships due to changes in government criteria.

**Assessment**

It is important that all assessment is of an acceptable standard and submitted on time. Our objective is always to make the process fair for everyone. If some students hand in work late, this may disadvantage students who submitted their assessment on time. There are serious consequences for late assignments or the non-submission of work.

Should you have any concerns about your senior students, please contact Mrs Deb Talbot dtalb7@eq.edu.au, Ms Marg Tonge mtong4@eq.edu.au, or Mrs Jeanette Karl jkarl15@eq.edu.au

Mrs Deb Talbot  
HOD Senior Schooling

**From the SOSE Department**

**Year 9 ACE Extra-Curricular Activity**

Massive congratulations to all involved in their efforts thus far. The Year 9 ACE class have been involved in Clean Up Australia Day and Waterwatch activities, along with hearing from many experts in the field so far this year, with plans for involvement in Seagrass Watch and Dunecare in the coming months.

With the Year 9 students having just completed their second Waterwatch testing and habitat assessment session, they will now spend some time comparing the data to ascertain the extent of change to conditions over the four month period for this place in the creek. This will provide a base in which to work from for future action by students in line with community needs. We are still in the process of planning several other opportunities that will connect these sessions with the needs of our catchment and community. More to come in relation to these efforts soon.

Mr Lee Rossow  
SOSE Teacher

**Japanese**

Term 3 has been a busy time for the Year 8 Japanese students. Southport State High was fortunate to host two groups of students, mostly from Japan, for half day visits. The main objective for the Japanese students is to see an Australian high school. The Southport High students had the opportunity to use their limited language skills to welcome their new friends as well as participate in activities such as mini Art lessons with Miss O’Toole. This was a very rewarding experience for all students.

Along with welcoming guests to our school, a small group of Year 8 students have been working very hard this term to prepare for the annual Gold Coast Languages Speech Contest at Griffith University held on Sunday 18th August. Angela Duong and Sally Lee from 8A, along with Ben Chesterman in 8F, spent many hours enthusiastically learning a set speech in Japanese followed by a series of questions about the speech. As the judges are the only ones who know the questions, this was a challenge for the students.

Congratulations go to Sally Lee, who was awarded a Highly Commended. This is a fantastic result for our students as the competition was tough. We are looking forward to next year and more students participating.

Mrs Tracey Somerville  
Japanese Teacher

Mrs Marg Tonge  
Dean of Special Programs

**Year 11 RYDA Road Safety Program**

On 21 August Year 11 students attended the RYDA Road Safety Program. Topics covered included – safe stopping distances, hazards, distractions and risks, alcohol, drugs and fatigue, road choices and car safety. There were also very touching and personal presentations by crash survivors who have spinal and brain injuries as a result of vehicle crashes. The reality of hearing the story of a person who will never walk again really hit home with the students. They were forced to consider how their lives and the lives of their loved ones could change forever because of a split second lapse in concentration. The behaviour of Southport SHS students at the program was exemplary. There were two other schools present on the day and our students were by far the best presented and behaved on the day. I was so proud of our students and they should be proud of themselves.

Mrs Marg Tonge  
Dean of Special Programs
From the Science Department

**Year 11 Biology Excursion to Mt. Cougal National Park**

On Thursday 22nd August 35 Year 11 Biology students ventured to Mt. Cougal National Park, Currumbin Rock Pools and Palm as part of their assessment for Term 3. Their focus this term has been investigating biotic and abiotic factors that impact an ecosystem. They have been studying these factors in the laboratory and at the local site of Loders Creek. All three areas visited are of significant ecological importance to the Gold Coast and collecting data relating to the area helps inform the students about the health of these regions and also relates to the health of Loders Creek. The students were actively engaged in the rainforest and were respectful of their surroundings.

---

**Science and Engineering Challenge**

In week 7, twenty Year 10 students competed against 15 other schools in the Gold Coast Griffith Science and Engineering Challenge held at the Queensland Academy for Health Sciences. Student teams undertook a number of challenge activities including designing, constructing and testing models of an earthquake-proof tower, bridge, catapult and an eco-habitetch model home. The bridge team designed and constructed such a strong structure that only the ‘bridge-buster’ load test could break it.

It was amazing to see how enthusiastically our teams competed, noting a podium finish in most of the activities. Well done! Congratulations to those students who took on the challenge to put their combined Science knowledge and skills to the test in a variety of thought-provoking engineering contexts. It looks like we have more fine young engineers in the making.

---

**Gold Coast Science Fair**

On Friday 9th August our Year 11 Physics class took a trip to the Gold Coast Science Fair. We all participated in four rotated activities with the first being speed careering where we would sit in small groups and have a 5 minute chat with a university student or someone in the science field. Then we moved into another tent where we had a presentation from a Griffith University lecturer, it was very interesting as his team were the first people to be able to take the shadow of an atoms photo. There was also a quiz where we had 20 minutes to answer as many science related questions as possible. Towards the end of the day Kurt Glover entered on behalf of Southport High into the Paper Aeroplane competition and we placed second. It was a fun and educational day with many laughs had by all.

---

**The Farm Is Back**

Here here! Here here! We’ve got cows and goats and chickens and sheep! Southport High has put the fun back in agriculture. Mr Dillon has worked hard and has included pigs, sheep, goats, lambs, calves and much more for the educational benefit of students in all year levels and teachers to enjoy and learn from. The farm allows students to learn how to feed and take care of livestock firsthand. Some of the activities the students engage in include mixing up food, cleaning and caring for the animals during breaks and before school in their own time. Mr Dillon plans on having the calves up and ready in time for the Gold Coast Show. If you have spare time during breaks or before school come down and visit Southport High’s farm!
Year 10 and 11 Marine

This term the Year 10 and 11 Marine classes have had some excellent boating excursions that were blessed with sunny weather. The excursions this time around were conducted at Southport Yacht Club’s Sailing Academy and the students spent half their time learning to sail and the other half learning to drive a powered vessel. The Year 10 students were fortunate enough to have some strong wind which lead to some exciting races along with a couple of capsizes. The Year 11 students however only received light winds but still got the pleasure of sailing around the Broadwater. If the students weren’t sailing they were driving the school’s powered boats or enjoying the BBQ. The excursions are an important part of the Marine syllabus as students get to practice their boat driving skills. At the end of Year 12 the majority of students have gained the skills to receive a boat licence courtesy of Mr Russell. We look forward to many more boating excursions and sunny weather.

Mr David Fine
Science Teacher

From the Sports Department

Athletics Carnival 2013

Wet weather plagued the annual Southport High Athletics Carnival this year, however, we finally had some clear days and managed to get the carnival completed at Runaway Bay Sports Super Centre. The participation numbers this year were some of the best we have ever seen and there was a great atmosphere on the day with many students dressing up in house colours or fancy dress. Stradbroke once again confirmed their position as the most dominant house, with strong participation on the day in all age groups. Karragarra finished in second place but Straddie were a mile in front. There were plenty of great individual performances, but special mention must go to Year 8 student Kierra Leisa who smashed two jump records. Big thanks must go to all the teachers and student helpers who did a fantastic job with supervising and running events and made the day run smoothly.

Notable performances on the day were:
Kierra Leisa broke the 13 Girls High Jump record with her best jump of 1.55m, bettering the previous record by 13cm.

Kierra Leisa broke the 13 Girls Triple Jump record by a whopping 99cm with her record breaking jump of 10.23m.

Mr Dave Mason
HOD PE
Junior Secondary Inter-House Touch Tournament

With more than 100 students taking to the field in this three-week long tournament, congratulations must go to Bribie for winning the Year 7 and 9 divisions, and Karragarra for winning the Year 8 division. It was terrific to see so many students participating, and I just wanted to publicly thank each and every one of you for your efforts.

A massive thank you goes out to the Junior Leadership Team, particularly Blair Fenton, Cooper McCann and Matthew Major for their initial organisation of this tournament. Further appreciation goes out to Mr Rossow’s Year 9 Touch class who refereed throughout the tournament. Without you, this tournament would not have been the success it has been.

The following students have been selected to represent our school in the Junior Secondary All Stars Team who in the next couple of weeks will play against the Teachers Team and the Senior Secondary Team.

Best of luck to all those selected!

Mr Lee Rossow
Yr 9 Touch Specialisation Teacher

Broadwater Athletics Carnival 2013

The Southport State High Athletics Team went away to the Queensland Sports and Athletics Centre on the 14th and 15th of August to compete at the Broadwater District Carnival. Our team was led by our outstanding junior athletes, whose performances were exceptional against tough competition from Helensvale, Aquinas College and Benowa High. As the Sport Excellence Coordinator, I have a first-hand view and am lucky enough to work with these students on a daily basis. I see how hard they work to achieve their goals and it was great to see them competing, representing their school and achieving such accomplishments at the District level. Over the two-day meet, Southport State High finished 4th on the overall point’s ladder, a fantastic result we have not been able to obtain for a number of years. Students who deserve to be acknowledged for stand-out performances at the carnival are

Keirra Lesa broke the 13 Years Girls High Jump record with a jump of 1.62m (5cm short of the national record). Her accomplishments over the two days will see her recognised and awarded at a later date, once the carnival organisers have finalised all their results for the Regional Carnival. Keirra will go on to represent the Broadwater District at the upcoming South Coast Selections, with State and National selection to follow. I was very proud to take our Athletics team away this year and with the talent we have coming through our Sports Excellence Program we look forward to greater success in the near future.

Mr Tom Vieyra
Sports Excellence Coordinator
From the Arts Department

Junior Drama Festival 2013

Over the years I have worked as an artist-in-residence and completed theatre workshops for many Gold Coast Schools and was the AIR at Southport for 3 years in a row. I always came back to Southport because of the dedication of the Drama Department and the work ethic that was instilled in the students. I have seen wins, losses and great creativity over the years, so it was with no small amount of trepidation that I took on the task of directing the Junior Festival entry this year.

The play that was suggested to me, way back in 2012, was “Numerical Man” by Briony Lavery and at first glance I had no idea what I would do with it. I knew I didn’t want elaborate sets and costumes; I wanted the acting to tell the story and show the skill of the students. I knew what Southport students could do and so in Term 2 we set out to work to build what would become a wonderful piece of theatre.

The cast of “Numerical Man” are a very talented bunch and throughout this term they have worked very hard. On Friday 9th August, we went to Palm Beach Currumbin High for the first night of the junior section. All up we would be competing against 9 schools from the region. The excitement was palpable as they all bundled into a rehearsal room to get ready. There were a few deep breaths and some nervous faces as we got our 5 minute call, remembering that we were the first show of the night and the first show of the junior section, the pressure was on to bring our best, and that is just what they did. From the moment the lights went up they were focused, disciplined and loving it.

They brought their “A” game on Friday, as it was the best run of the show they had ever done. This was echoed in the comments from the adjudicator, Julie Dunn from Griffith University, who awarded Highly Commended certificates to Ryan Littler, Hannah Williams, Bride Kavanagh and Caitlyn Whitehouse. Not to mention the “magic moment” we received for a particularly slick piece of acting and multimedia (thanks Kelly Sparke!). On the Saturday night after the dust had settled on the other performances, Southport was riding high, with a runner-up, top 4 trophy and outstanding actor awards for Ryan Littler and Hannah Williams. Hannah was also awarded the Goat Track Theatre Company award, which was only awarded to one student from all the ten schools.

It was another successful year for the “junior festies” and continues the Southport tradition at Drama Festival. Special thanks to all the Drama Excellence and Senior Drama students who helped out on the night, and of course Kelly Sparke and Cara Welch for their support.

RSPCA Talk

How do animals survive in natural disasters such as floods and fires? This was the question asked to students in 8E, 8J and 8L at a recent talk by the RSPCA.

Students learned about the different emergency situations animals find themselves in during natural disasters and how the RSPCA rescues, cares for and houses orphaned and injured animals. They also learned what RSPCA stands for -- Royal Society for the Prevention of Cruelty to Animals. Alexis Manolis 8E gave guest speaker, Mrs Laura Cator, a well-spoken thank you and 8J and 8L gave an enthusiastic round of applause.

“The talk was educational and showed how animals can survive extreme circumstances with the help of the RSPCA,” said Alexis.

Alex Kellett 8E said: “It was inspirational and made me want to support the RSPCA.”

Summa Hansen 8J agreed that the talk was inspirational and learned how much the RSPCA help animals and really needs donations for its work.

If you see an animal in an emergency call 1300 ANIMAL. (1300 264 625).
More information at www.rspca.org.au

Ski Trip 2014

Believe it or not planning is already well and truly underway for the 2014 Southport High Ski Trip. This year’s trip was an enormous success and quite a few of the current Year 11 students who went are lining up to go again. In 2014 (first week of the June/July holidays) we depart and I hope it will be bigger and better than ever before so; current Year 10 and 11 students have been given an expression of interest form to fill out and return to me in F Block staffroom. If you have any questions regarding the trip please feel free to contact me via email gkenaf1@eq.edu.au and if your son or daughter did not get a form then simply email me their name and your details and I will add them to the list. The initial deposit is normally due in November so we will have our usual parent information night in Term 4 to provide a lot more information.

Mr James Anderson
Drama Teacher

Ms Avril Priem
Librarian & Geography

Mr Greg Kenafake
Organising Teacher
Reminders

Finance
Invoices for 2014 will be going out shortly. A $30.00 discount is applicable if paid in full by 14th February 2014.

A reminder to Year 12 students - All fees need to be finalised before the payment for the Formal will be processed.

A reminder to Year 11 students - All fees need to be finalised before the payment for your Year 12 2014 jersey will be processed.

Homework Centre
The Homework Centre has been very busy of late with up to fifty students participating on a regular basis. As Term 3 winds up it is highly likely that even more students will get on board and access the facility and assistance from the teachers who generously volunteer their time.
To this end it is very important that students who do attend comply with the expectations that come with utilising the facility. All students who attend must be prepared to do quiet work and at all times follow the instructions of teaching staff that are present.
With respect to early departures, junior students must consult with the teacher in charge who will then contact a parent or carer to seek approval. Senior students may depart early but must consult with the teacher in charge so that the time of departure is recorded.

Oral Health Care Matters
Did you know that Gold Coast Hospital and Health Services – Oral Health Services in both the community and school dental clinics accept Medicare Teen Dental Scheme Vouchers?

Good oral health care is important for young people. The government has provided Medicare Teen Dental Scheme Vouchers to help enable and maintain good oral health and preventative care. These vouchers can be presented to private dentists or Gold Coast Hospital and Health Services – Oral Health Services, including a community or school dental clinic.

Children attending schools up to the end of Year 10 who present a Teen Dental Voucher with Gold Coast Oral Health Services will receive a comprehensive examination, x-rays, scale, clean and a full course of care. Children in Years 11 and 12 in receipt of a voucher can only be seen by Gold Coast Oral Health Services if the eligibility criteria is met. They will then be placed on a waiting list to receive a comprehensive examination, x-rays, scale, clean and a full course of care.

If the Teen Dental Voucher has been used at a private dental practice, completion of the private dentist’s treatment plan will need to be undertaken privately at own cost. Gold Coast Hospital and Health Services will only be able to provide Emergency Care for these children, not a full course of care as prescribed by the private dentist.

Gold Coast Hospital and Health Services – Oral Health Services have qualified and experienced dentists, oral health therapists, dental therapists and dental assistants who work together to provide a range of oral healthcare services to meet your child’s specific oral health needs in a caring environment.

As the Teen Dental Voucher expires by 31.12.13, it is important that you arrange your appointment as soon as possible by telephoning the Gold Coast Oral Health Services Call Centre on 1300 300 850. Oral health services are also provided during all school holiday periods.

For more information on the nearest community or school dental clinic, the Oral Health Call Centre will be able to assist you with your enquiry.
