

School Uniform Policy

At Southport State High, we have worked tirelessly to develop high standards for all students. This is one of the key reasons we have such a great reputation in the community and are a school of choice on the Gold Coast. Our unrelenting focus on academic excellence, student conduct, community involvement and appearance are key factors in influencing students to be successful in their lives.

The student uniform is one of the ways that our students can demonstrate their commitment to the school. School uniforms are designed to create belonging to a community, a community that supports each and every individual to nurture their potential.

The wearing of the uniform fosters pride in our community and the crest on the uniform represents the school's vision. The circular designs provide a metaphor for ongoing creativity and near ending ideas and innovation. The graphic trees represent growth and the way Southport State High nurtures young, brilliant minds and potential throughout the schooling journey. The waves provide a reference to our coastal location and history as well as representing energy and momentum. The waves also provide a link to water, power and technology. Lastly, the words Respite Finem represent our school motto - Look to the end result.

A high standard of personal appearance helps students to develop their self-confidence and research tells us that uniforms also help us to reduce the potential for bullying, improve study ethic, remove distractions from the classroom and improve student safety. Finally, it also standardises the dress code in order to remove peer pressure and instil in our students a sense of professionalism in order to prepare them for the outside world.

This student dress code consists of an agreed standard and items of clothing that Southport State High Independent Public School students wear when:

- attending or representing their school
- travelling to and from school
- engaging in school activities out of school hours

It is the affirmed policy of the school's Parents & Citizens Association as approved by the School Council that all students attending Southport State High Independent Public School are expected to wear the school uniform. Students are encouraged to take pride in their appearance and to keep their uniform clean, neat and tidy. Students are not permitted to alter their uniform or substitute their uniform in any way. Students are not permitted to mismatch any items of the uniform (for example the dress shirt with the sports shorts is not permitted). Students can dress in a manner consistent with their gender identity and expression as long as it is within the existing uniform options, and provided students maintain a neat and tidy appearance. Students who fail to comply with the Uniform Policy will receive appropriate consequences in line with the Student Code of Conduct Plan (<https://southportshs.eq.edu.au/Ourschool/Rulesandpolicies>).
