Attendance Policy

Rationale

All schools in Queensland are committed to providing safe and supportive learning environments for all students which address their educational needs. Southport State High School expects students to arrive at school in full school uniform, prepared for learning and in time for roll mark. It is further expected that students will be on time for each lesson.

This attendance policy aims to take full advantage of teaching and learning opportunities to ensure student achievement is maximised. The school attendance policy also aims to promote 100% attendance and punctuality in preparation for future employment pathways.

The partnership between parents, students, school and the community is important in providing timely communication and transparent processes that support the attendance policy of Southport State High School.
